

## SUMMARY

Motivated 2nd-year undergraduate specializing in Software Engineering at SLIIT, with a strong foundation in Java, Spring Boot, SQL, and full-stack development. Skilled in building real-world projects and eager to apply technical abilities in internships while continuing studies in software engineering and modern application development.

## SKILLS

**Technical Skills:** HTML, CSS, JavaScript, MSSQL, Figma, Git ,VS Code, JSON, Responsive Design

**Soft Skills:** Problem Solving, Analytical Thinking, Creativity, Visual Design, Communication, Team Collaboration, Fast Learner

## KEY ACADEMIC PROJECT

**Web Base Vaccination Portal** July 2025 - Oct 2025

- Participated in planning, designing, and developing the portal.
- Contributed to responsive UI and backend integration.

**Vehicle Parking System** Feb 2025 - May 2025

- Collaborated with a team to build a complete web system.
- Worked on UI design, frontend logic, and feature implementation.

## EDUCATION

**BSc (Hons) in Information Technology – Software Engineering** Jun 2024 - Jun 2028  
Sri Lanka Institute of Information Technology (SLIIT)  
Currently Year 2 – Semester 1 completed

### Year 01 – Semester 01

- Introduction to Programming (Java)
- Mathematics for Computing
- Fundamentals of Computing
- Data Communication & Networks

### Year 01 – Semester 02

- Discrete Mathematics
- Object-Oriented Programming
- Data Structures & Algorithms
- Technical Writing

### Year 02 – Semester 01

- Software Engineering
- Database Design and Development
- Probability & Statistics
- Artificial Intelligence and Machine Learning

### GCE Advanced Level – 2023

Accounting – C      Business Studies – C      Information Technology – C

## LANGUAGES

English – Fluent      Tamil – Fluent

## PROJECTS

---

### Vehicle Parking System

Jan 2025 - Oct 2025

- Managed vehicle entry/exit, slot allocation, and payment calculation

### Gemstone Showcase Website

- Built a responsive gemstone display website with clean UI

### Vaccination Portal

- Developed a simple portal for vaccine registration and record management.

### Service Engineering Website (UI/UX Design)

- Created a professional, user-friendly website prototype showcasing service engineering offerings, focusing on layout, navigation, and visual hierarchy.

## ADDITIONAL INFORMATION

---

- **Languages:** English, Tamil
- **Certifications:** Data Science Foundation, Python for Beginners, Java (Basic), JavaScript & Web Development, Simple Data Structures in JavaScript
